Uphiwekonke Holdings (UH) is a South African investment and development group founded in 2013. We provide strategic leadership, operational support, and investment to a group of subsidiaries focused on skills development, construction, automotive services, property development, and entrepreneurship.

Our work
is driven by
One Goal

To create sustainable jobs,
develop practical skills, and
empower communities to
participate meaningfully in
the economy

About UH

Our PURPOSE

We exist to →

- 1 Drive long-term economic growth in under-served communities
- 2 Equip people with practical, employable skills.
- 3 Support emerging businesses and entrepreneurs
- 4 Invest in sustainable property and infrastructure projects

Our VISION

To be a globally recognised leader in vocational training, skills development, and sustainable investment, delivering lasting economic and social impact.

Our MISSION

- ✓ Investing in emerging and community-based businesses.
- ✓ Empowering youth, women, and persons with disabilities
- ✓ Providing practical skills training aligned to industry needs
- ✓ Supporting innovation across multiple economic sectors

Our VALUES

Empowerment

Creating real opportunities for people

Integrity

Operating with transparency and accountability

Impact

Measurable economic and social results

Innovation

Practical solutions for real challenges

Sustainability

Long-term value for communities and investors

Our STRATEGIC FOCUS →

Future Plan

Establish a leading vocational training centre focused on automotive and sports development.

1 SKILLS DEVELOPMENT

We focus on closing South Africa's skills gap through practical, industry-aligned training, particularly in the automotive and construction sectors.

Training areas include:

- ✓ Mechanical repairs
- ✓ Panel beating
- ✓ Spray painting
- ✓ Vehicle body repairs
- ✓ Automotive sound installation
- ✓ Road construction skills
- ✓ Artisan and learnership programmes

Our STRATEGIC FOCUS →

2 INVESTMENT & PROPERTY DEVELOPMENT

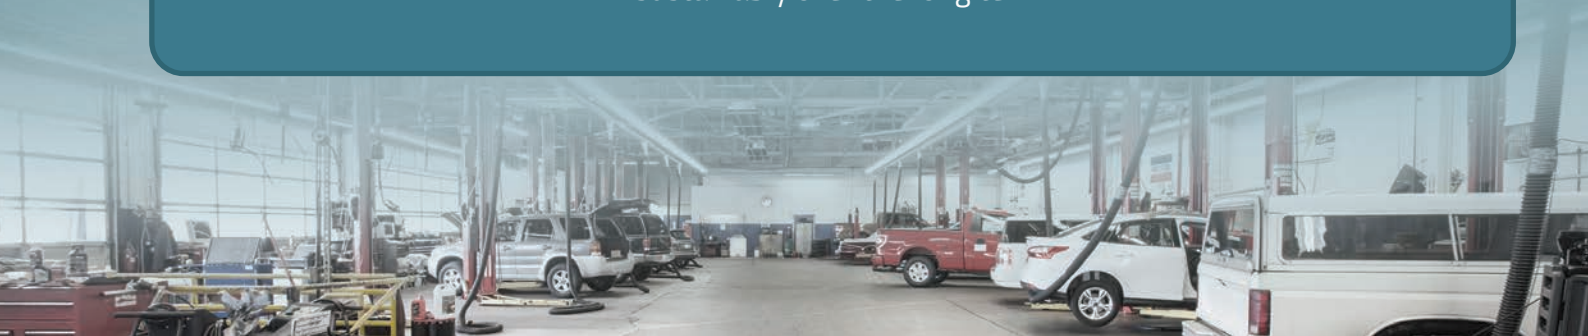

Through strategic partnerships and land acquisition, we:

- ✓ Develop residential rental properties
- ✓ Apply renewable energy and green building standards
- ✓ Create long-term income-generating assets
- ✓ Support local economic participation

3 ENTREPRENEURSHIP

ENTREPRENEURSHIP & BUSINESS SUPPORT

We support emerging businesses through a comprehensive range of services, including business coaching and mentorship, procurement and operational support, human resource development, access to funding opportunities, and strategic project management. Our aim is to empower small businesses to grow, create employment opportunities, and operate sustainably over the long term.:

Our
TARGET MARKET
We work with →

- Landowners
- Construction companies
- Automotive start-ups and suppliers
- Fleet operators
- Government and public sector institutions
- Corporate CSI and foundations
- Unemployed youth
- Women entrepreneurs
- Persons with disabilities

Subsidiaries ▶

Training Skills. Building Futures

Uphiwe Skills Training College

UST College is an accredited vocational training institution dedicated to developing industry-ready artisans and skilled professionals. The college focuses on practical, demand-driven training aligned to South Africa's economic and infrastructure needs. Programmes offered include:

- ✓ Artisan development programmes
- ✓ Learnerships and candidacy programmes
- ✓ Work-Integrated Learning (WIL)
- ✓ Road construction and infrastructure training

Training Skills. Building Futures

Uphiwe Skills Training College →

UST College combines structured classroom learning with hands-on, real-world practical experience, ensuring students gain both theoretical knowledge and workplace competence. All programmes are aligned with relevant SETAs, and learners receive SETA-accredited certification upon successful completion.

Through its training model, UST College plays a vital role in reducing unemployment, closing the skills gap, and preparing youth for meaningful participation in the economy.

(Automotive & Fleet Services) →

Go Getter is the automotive and fleet services subsidiary of Uphiwekonke Holdings, delivering reliable vehicle maintenance and repair solutions while actively contributing to skills development in the automotive industry.

GG services include:

- ✓ Mechanical repairs and servicing
- ✓ Panel beating and bodywork
- ✓ Vehicle rebuilding through strategic partnerships
- ✓ Fleet maintenance and operational support
- ✓ Practical skills training for TVET and higher education students

Beyond service delivery, Go Getter plays a vital role in developing young automotive talent, supporting industry transformation, and ensuring fleets remain roadworthy, efficient, and cost-effective.

UDC
